Statement of CPNI Procedures and Compliance

Lightyear Network Solutions, LLC ("Lightyear") does not use or permit access to CPNI to market any services outside of the total service approach as specified in 47 CFR §64.2005. If Lightyear elects to use CPNI in a manner that does require customer approval, it will follow the applicable rules set forth in 47 CFR Subpart U, including the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

Lightyear ensures that its employees do not improperly use or disclose CPNI by requiring that all access to CPNI be approved by the Legal Department which has knowledge of and is familiar with the FCC's CPNI requirements.

Lightyear does not use CPNI in any sales or marketing campaigns whatsoever. The CPNI in Lightyear's possession is not, under any circumstances, provided to outside agents.

All requests for CPNI whether from a customer or by subpoena are handled by Lightyear's Legal Department. Lightyear maintains a record of all instances where CPNI is disclosed or provided to third parties, or where third parties are allowed access to CPNI.

Lightyear has instituted training procedures and a corresponding disciplinary process to ensure that its personnel understand and comply with restrictions regarding the use and disclosure of, and access to CPNI. According to required procedure, a customer must verify the last 4 digits of his/her social security number, amount of last invoice or payment, and the type of service they have with Lightyear.

Requests for CPNI by law enforcement agencies are only granted if a subpoena is provided or if the customer provides written permission. The Legal Department maintains a log of all subpoenas, and a folder is kept on each subpoena which includes the subpoena, our response cover letter, and any attachments provided. The subpoena folders are kept for seven (7) years.
